

# Automotive

Provides a lustrous and durable layer of protection on ANY automotive surface. Treated surfaces offer greater resistance to staining, UV damage, and oxidation.

## Coat, Beautify and Protect ANY of these surfaces:

- Painted Surfaces
- Glass
- Painted Metals
- Chromed Surfaces
- Engine Cowlings
- Engines
- Vinyl
- Leather (non-suede)
- Dash and Side Panels
- Trimwork
- Rubber
- Rims
- Wood
- Plastic

## Benefits:

- Easy one-step hand application
- Treated surfaces are easier to keep clean and maintain
- Long-lasting protection from environmental exposure
- Non-toxic
- Environmentally safe

# TOP COAT<sup>®</sup>

## High Performance Surface Sealant

- **Coat & Protect ANY Surface!**
- **Easy One-Step Application**
- **Deep Lustrous Shine**
- **Out-Performs Traditional Waxes, Polishes & Sealants**

**Automotive/RV/Marine**

# TOP COAT®

**DUCORA**  
Advancing Solutions Through Innovation & Technology

## High Performance Surface Sealant

### Environmental Protective Coating

Ducora's TopCoat® is an environmentally safe, high performance protective coating designed to out-perform and out-last traditional waxes, polishes, and paint sealants in today's environment.

TopCoat® is an easy one-step application providing a protective and lustrous barrier on all automotive exterior and interior surfaces.

Use TopCoat® on painted surfaces, fiberglass, metal, chrome, glass, plastics, rubber, vinyl, leather, dashboards, and more.

Use as windshield, windscreen, and window treatment for lasting water repellency.

TopCoat® surfaces are not left artificially or dangerously slick.

#### Key Features:

- Contains no solvents, toxic chemicals, abrasive compounds, or greasy, slippery silicone
- Environmentally safe and non-toxic
- No need to stir or shake
- Treated surfaces are extremely hydrophobic (water-resistant)
- No orbital or mechanical buffing required
- Retards the damaging effects of contaminants such as bird droppings, bug splatter, acid rain, brake dust, etc.

#### Key Benefits:

- Easy one-step hand application
- Treated surfaces are easy to clean and maintain
- Long lasting formula saves money
- Multiple surface protection minimizes use of other costly products
- No unsightly wax residue left behind
- Maximizes depth of color with minimal effort

**Caution: Keep out of reach of children!**

Made in USA

## Marine

Provides a lustrous and durable layer of protection on ANY marine surface. Treated surfaces offer greater resistance to staining, UV damage, and oxidation.

#### Coat, Beautify and Protect ANY of these surfaces:

- Gel-Coat, Aluminum, Painted Hulls
- No-Slip Decking
- Glass, Plexiglass and Eisenglass
- Hand-Rails
- Deck Hardware & Thru Hull Fittings
- Bumpers & Rub-rails
- Engine Cowlings
- Engines
- Instrument Panels
- Vinyl
- Leather (non-suede)
- Painted Metals
- Stainless Steel
- Chromed Surfaces
- Wood
- Plastic

#### Benefits:

- Easy one-step hand application
- Treated surfaces are easier to keep clean and maintain
- Long-lasting protection from environmental exposure
- Non-toxic
- Eco-safe

**RV** Provides a lustrous and durable layer of protection on ANY RV surface. Treated surfaces offer greater resistance to staining, UV damage, and oxidation.

#### Coat, Beautify and Protect ANY of these surfaces:

- Gel-Coat, Aluminum, Painted Surfaces
- Glass, Plexiglass and Eisenglass
- Hardware and Fittings
- Engines
- Dash & Side Panels
- Vinyl
- Leather (non-suede)
- Painted Metals
- Stainless Steel
- Chromed Surfaces
- Rubber
- Rims
- Wood
- Plastic

#### Benefits:

- Easy one-step hand application
- Treated surfaces are easier to keep clean and maintain
- Long-lasting protection from environmental exposure
- Non-toxic
- Environmentally safe
